

Orbitra Employee Handbook

Version 4.2 · Effective 1 January 2026 · Applies to all Lahore and Dubai staff

1. Welcome to Orbitra

Orbitra Technologies builds Orbitra Vault, a secure document storage and collaboration platform used by more than 2,300 businesses. This handbook explains the policies, benefits and expectations that apply to every full-time employee. Where local labour law provides a more generous entitlement, local law always takes precedence over this handbook.

Questions about this handbook should be sent to the People Operations team at people@orbitra.example. Concerns about ethics, harassment or fraud can be reported confidentially to ethics@orbitra.example; reports are reviewed by the Ethics Committee within five working days.

2. Employment basics

2.1 Probation

All new employees serve a probation period of three months. During probation either party may end employment with two weeks of written notice. After successful confirmation the notice period becomes one month for individual contributors and two months for managers and above.

2.2 Working hours

Orbitra uses flexible working hours. The standard working week is 40 hours, Monday to Friday. All employees must be available during core collaboration hours of 11:00 to 16:00 Pakistan Standard Time (PKT), regardless of which office they belong to.

2.3 Hybrid and remote work

Orbitra follows a hybrid model. Employees are expected in the office three days per week, and Tuesday, Wednesday and Thursday are the designated in-office days so teams overlap. A fully remote arrangement requires written approval from the relevant Vice President and is reviewed every six months.

Every employee receives a remote work allowance of PKR 8,000 per month to cover home internet and utilities. The allowance is paid with the monthly salary and does not require receipts.

3. Leave policy

Leave requests are submitted through the HR portal and approved by the direct manager. Requests of more than five consecutive working days should be submitted at least three weeks in advance.

Leave type	Entitlement per year	Key rules
Annual leave	20 working days	Accrues at 1.67 days per month. Up to 5 unused days may be carried over and must be used by 31 March of the next year.
Sick leave	10 working days	A medical certificate is required for absences longer than 2 consecutive days.

Leave type	Entitlement per year	Key rules
Casual leave	6 working days	For personal matters; maximum 2 days at a time.
Maternity leave	16 weeks, fully paid	Available after 6 months of service.
Paternity leave	10 working days, fully paid	Must be taken within 3 months of the birth or adoption.
Bereavement leave	5 working days	For immediate family members.

Unused sick and casual leave cannot be carried over or encashed. Annual leave that exceeds the carry-over limit is forfeited on 1 April.

4. Compensation and benefits

4.1 Salary and reviews

Salaries are paid on the last working day of each month. Performance reviews take place twice a year, in June and December, using a five-point rating scale (1 = does not meet expectations, 5 = exceptional). Salary adjustments are applied once a year, effective 1 January, based on the December review.

4.2 Health insurance

Orbitra provides group health insurance for the employee, their spouse and up to three children. The annual in-patient limit is PKR 1,500,000 per family, and out-patient (OPD) expenses are covered up to PKR 60,000 per family per year. Parents of the employee can be added at a subsidised rate of 50% of the premium.

4.3 Learning and development

Each employee has a learning budget of USD 600 per calendar year for courses, certifications and books. Conference attendance is funded separately and requires manager approval plus a short knowledge-sharing session for the team afterwards. Unused learning budget does not roll over.

4.4 Employee referral programme

Employees who refer a successful candidate receive a referral bonus. The bonus is PKR 150,000 for engineering roles and PKR 75,000 for all other roles, paid after the new hire successfully completes their probation period. Referrals of former Orbitra employees are not eligible.

4.5 Equipment

Every employee receives a company laptop, which is refreshed every three years. Engineers may choose between a MacBook Pro and a Linux workstation. Lost or stolen equipment must be reported to IT Security within 24 hours so the device can be remotely wiped.

5. Code of conduct

- Treat colleagues, customers and partners with respect; harassment and discrimination of any kind are not tolerated.
- Protect customer data. Never copy customer content to personal devices or unapproved tools, including public AI chatbots.
- Disclose conflicts of interest, such as outside employment with a competitor, to your manager and People Operations.
- Gifts from vendors worth more than USD 50 must be declared to the Ethics Committee.

6. Leaving Orbitra

Resignations must be submitted in writing through the HR portal. Final settlement, including unused annual leave within the carry-over limit, is processed within 30 days of the last working day, after all company equipment has been returned.
